Purely Business!

The columns of a newspaper represent a cash value. No publisher can afford to give advertising "notices" free any more than a merchant can toss over his counter free gifts of dry goods or shoes. A newspaper is a legitimate business concern. Its columns are its stock in trade, and advertisements should be paid for, no matter in what part of the paper they appear.

The Continued Calls

Avoidance of Disputes.

Misunderstandings are unpleasant. The rate for Business Locals in THE LEDGER is 10 cents a line for the first insertion and 5 cents a line for subsequent insertions. A customer orders a five-line local inserted in the paper. "I'll tell you when to take it out." he says to the bookkeeper. But he forgets all about it. The notice runs for two months—52 times;—the bill is \$13.25. When he finds it out there is "kick" and a contravers, followed \$13 25. When he finds it out there is a "kick" and a controversy, followed probably by an icy feeling. Now, to obviate this trouble, no "till forbid" notices will be accepted hereafter. Let's have a definite agreement at the outset and the termination will be pleasant all around.

All matter for publication must be handed in before 9 o'clock in the morn-ing of each day.

The fun miscarried last night.

The elite had yesterday received dainty invitations to a cockfight, which was billed to occur last night on the now famous Aberdeen Wharfboat(?)

As an extra inducement to attend, a postscript added, "There'll be a couchee couchee dance."

So, when the time came for the pilgrims to depart for their Mecca of enjoyment, application was made to the officers of the steamer M. P. Wells to take them and the Wharfboat in tow.

"Nay," said the boatmen.

They then tried the officers of the steamer Silver Wave.

"Nix," was the response.

As a last resort, they plied Captain C. M. Phister with their persuasive powers. A Pathetic Incident on the Battlefield of Richmond.

William Wilkerson, for many years Jailer of Fayette County, and noted for his fidelity to truth, related to a Lexington Leader contributor the following pathetic incident of heroism which he witnessed shortly after the battle at Richmond, Ky., in 1862:

"A son of my friend, Hon, Cassius M. Clay, was killed in the fight at Richmond, and it was made my duty to visit the battlefield to identify the body and take it to his father's home. BIG BRASS BAND.

Seemed as Though Its Members Would Never Stop Coming.

Comedian William H. Crane says that the greatest brass band that this country ever knew was an organization in Ottumwa, Iowa, many years ago.

"I've heard Gilmore and Sousa, and all the rest," said Mr. Crane recently, "but their bands couldn't be compared with

that prairie aggregation for a moment. "In my theatrical salad days-when I was much younger than I am now-I was over the scene of the battle I heard trying to pilot a company of thespian groans, which I was sure came from a bright lights throughout the Western provinces.
